Offering *real answers, real hope and a real future* – one healing choice at a time.

We live in difficult and uncertain times. Many people in your church are hurting. Hurting from losing their job, losing their house, or losing hope for their future. Many of those hurts have lead to bad choices, bad hang-ups and bad habits.

Are People in Your Church Hurting?

Life's Healing Choices

A New Campaign that will help your people find freedom from their hurts, hang-ups and habits.

LifesHealingChoices.com

Life's Healing Choices is a church wide weekly study of 8 principles from the Beatitudes taught by Jesus for finding the path to spiritual renewal, true godly happiness and healing. This eight week journey, **led by Rick Warren**, will encourage spiritual growth in every member of your church.

Your people will be changed in dramatic ways as they learn to find hope from their hurts, help from their hang-ups, and healing from their habits by allowing God to renew and transform their lives.

We all need healing — from those who've hurt us, those we've hurt and the hurt we've caused ourselves. I'm confident in the transformation that will happen in your life, the lives of your church members, and the lives in your community as they learn to make the decisions that move them past life's pain toward God's purpose, during this campaign.

PASTOR RICK WARREN
